CIMON
Total Solution for Industrial Automation

Once a project is opened at higher SCADA version, it is unable to downgrade it.

Here is an error message on project version compatibility.

- ■ **Upgrading** a project version is supported.
- ■ **Downgrading** a project version is **NOT** supported.

Ex) Once project is opened at UltimateAccess SCADA(CIMON-D) ver 3.03, then this project cannot be opened at SCADA(CIMON-D) ver 2.14. → ~~Downgrading~~

Ex) However the SCADA ver 2.14 project file can be opened at SCADA ver 3.03 (UltimateAccess). → **Upgrading is possible**

※ From SCADA **ver3.00**, the last saved project version information is displayed.
