

Please refer to the instructions below.

*This start-up function can be applied on Windows 7, 8 and 10 respectively.

1. Run CIMON-X.

At CIMON-D, go to [File] \rightarrow [Open Project] menu and select the project to open.

2. After executing a project, close CIMON-X.

3. Go to SCADA installation folder.

Mouse right-click on file "Cimon.exe", and create a shortcut.
